TABQUIK®.COM Frequently Asked Questions

Q: What is TABQUIK.COM?
A: TABQUIK.COM is TAB's newest web-based, on-demand label printing solution.

Q: Will there be training available for me?
A: We have provided an easy-to-follow reference guide and a complete video walkthrough, which outlines the easy steps to use TABQUIK.COM. You can also schedule a WebEx training session by contacting the TABQUIK Support Team; WebEx training is an additional cost.

Q: What is required to use TABQUIK.COM?
A: Hardware requirements are:
- Color printer

Software requirements are:
- Any major internet browser (including Chrome, Firefox and Internet Explorer)

Q: Does TABQUIK.COM have to be accessed from the same computer?
A: No. TABQUIK.COM is web-based and can be accessed from any computer meeting the system requirements. However, program specific settings, such as alignment and preserved data, are saved on a per-machine basis.

Q: Can other users access my data?
A: No. Your data resides locally on your computer; no data is transmitted via the Internet or attached to or saved on your TABQUIK.COM account.

Q: Will my data be secure with TABQUIK.COM?
A: Yes! User data will never leave your PC, or travel over the Internet in any way. This includes the importing of files; the import process (conversion) takes place on the local computer.

Q: What data options are available in TABQUIK.COM?
A: TABQUIK.COM allows for data to be manually entered in a data grid or imported from other formats, such as a delimited text file or Microsoft Excel Spreadsheet.

Q: What about my firewall or other stringent network security?
A: TABQUIK.COM was designed for use in most environments.

Q: Are multiple TABQUIK.COM accounts required for multiple company locations?
A: No. TABQUIK.COM allows for multiple users per company account.

**Q: Can I match my existing label's color-scheme?**
A: TABQUIK.COM offers a robust color matching tool which enables you to customize your colors to any existing color scheme.

Q: How do I design my own labels?
A: All label designs, including revisions, will be completely handled by the TABQUIK Support Team; no training is necessary. *Charges may be applicable depending on the type of request.*

Q: Is there a trial available for TABQUIK.COM?

A: A trial is available via the TABQUIK.COM website directly. The trial will provide all of the functionality of TABQUIK.COM, but will place a watermark on any printed labels. To access the trial, click the "**Try It!**" link on the homepage.
