

TABQUIK®.com

TAB's newest web based color coded file label solution!

1

Select a Label Design

Choose from a wide variety of label designs or have your own custom label created.

2

Enter or Import Your Data

Data can be entered manually or imported from a comma delimited Excel spreadsheet, SQL database or .dat file

3

Print Your Labels

You can print labels on virtually any color printer in minutes. No special training is required.

TABQUIK.com Benefits:

Easy: Labels are printed in 3 easy steps.

Affordable: No software fees.

Flexible: Can run on any Windows computer with an internet connection.

Secure: Uses HTTPS: and data is not stored by TAB Products.
